

# How To Read Your Bill

## Single-Family Residential

- 1. Mailer Information** shows where the bill was sent.
- 2. Account Information** and billing summary.
- 3. If Paying by Check** indicates how to address and where to send checks for payment.
- 4. Water Charges** are billed according to a tiered rate structure for single-family residential customers. This tier structure will be based on volumetric use, with charges increasing as water usage goes up. Visit our website for more details.
- 5. Wastewater Charges** are based on a three-month winter water average (January to March) that is recalculated in April each year. There is a minimum average of 2,000 gallons. New customers who don't have water usage history are billed at 4,000 gallons. In addition to the average, there is a flat monthly service charge.
- 6. Other Charges** Occasionally, you may see other charges on your bill like **infrastructure fees**, reconnect fees, billing adjustments, late fees or return payment fees.
- 7. Account Balance and Charges** Find your previous balance, recent payments, outstanding/past due balance, current charges and total payment due here.
- 8. Meter Readings and History** This section of the bill shows your current and previous meter readings along with a chart reflecting current year monthly water usage.
- 9. Customer Communications** Check this section for important information and reminders from MMD.
